Catering Information

Hello!

We're so thrilled to be providing the beverages for your event! This form covers packages, pricing, and policies.

Payment

Bar events can be hosted, cash, or a combination of the two.

- Hosted - we charge based on consumption so we run a tab of all beverages consumed through the duration of the event and send a bill afterwards.
- Cash - we have cash and credit card machines available for guests to pay for their own beverages. We will need access to wifi to accept credit cards.
- Combination - drink tickets, an open tab until a predetermined dollar amount is reached, or hosted batched cocktails

Special Orders

We do have the option to provide wine/liquor/beer not listed on this menu at your event. Special orders are billed to the client and must be a case buy commitment, we will not refund any unused product. Since we do not have an off sale liquor license, we cannot leave any unused product. Details can be discussed on a per event basis.
